

We envision a Rhode Island where everyone ages strong and can easily connect digitally to people and opportunities.

Today, we live in a digital world: from how we shop, work and bank to how we socialize and connect to information and critical resources, such as healthcare. The internet has emerged as a necessary and basic tool of modern life, and yet over a quarter of older Rhode Islanders lack internet access. We aim to change that. The digiAGE Collaborative brings together industry, government and community partners to help bridge this digital divide for older adults through coordinated investments in smart devices, internet services, digital literacy training, and online content creation. We invite you to become a digiAGER and help accelerate the work to promote digital equity in Rhode Island.

Sponsorship Levels

Outfit **10** new 'friends' with a digiAGE starter kit: IPad, protective case, hotspot and one year of internet service PLUS personalized tech training.

Double your impact by providing starter kits and training to **20** new friends.

You're catching on now! Triple your impact, providing starter kits and training to **30** new friends.

You're on pace to ensure digital equity for all older Rhode Islanders. As an Innovator, you will equip at least **50** new friends with starter kits and personalized training.

BONUS: All digiAGERS will be listed on the official digiAGE web page and included in special promotions. Sponsors at the Innovator level also receive prominent placement in paid, social, and earned media.
